Jackets

The jacket is a windbreaker with an embroidered tan Otterhound on the left chest. This will not be the OHCA logo but an Otterhound with the breed name beneath so it fits the needs of those of you that can't perform with the logo displayed on your clothing. The jacket has mesh lining for comfort, two slash pockets and a hood that stashes into the collar so you can use it when you need it or hide away when you don't. Vented back yoke and water resistant. For an additional \$10 have that embroidered on the right chest.
